

## Welcome to the Ev. Family Education Center!

### Cooking and eating together - for refugee families

(For 4-5 refugee parents with their children)

**Start: 1. April**

Every Friday at 11:00 a.m. you can use our kitchen and café to cook and eat together.

We provide you with vegetables/fruit/eggs/herbs,.. from the market nearby so that you can prepare a delicious lunch. Oil, flour, spices are available too.

We hope that you and your children can come together here, enjoy the good atmosphere, chop, cook and eat together. The more vegetables etc. available, the more can be prepared...! Help from Volunteers is also welcome!

If a lot of cooking is done, maybe lunch is also possible for you vendor donors!

Maybe there will be so much cooking that the vendors and donors from the market will also get a lunch!?! 😊

After the meal, there is an opportunity to tidy up the kitchen and do the dishes. So we will finish around 15:00 p.m.
